The various initiatives and reforms of the Government have built the platform for a quantum leap ahead. High impact national projects, coming to grips with structural issues, which were holding back the country’s progress, innovative approaches in policy making – have collectively contributed in driving India on a high growth trajectory.

GLOBAL SCENARIO

Notwithstanding a decline in Global GDP growth, the Travel and Tourism industry continued to show resilience in 2016. According to the World Travel and Tourism Council 58 (WTTC), Travel and Tourism, despite escalating political instability and unpredictable terrorist attacks, contributed 10.2% of global GDP and 292 million jobs in 2016 – this equates to 1 in 10 jobs in the global economy. Travel and Tourism GDP growth is anticipated to accelerate to 3.8% in 2017, up from 3.1% in 2016 and is anticipated to be 3.9% on 2018. The industry is expected to continue to drive employment in the global economy, grow by 3.9% per annum over the next decade and represent 11.4% of GDP in 2027.

INDIAN TOURISM

The Indian Travel and Tourism Industry has been a strong contributor to the nation’s economic growth, emerging as a significant source of foreign exchange and a large generator of employment. As per the WTTC’s Economic Impact 2017 - India Report, Travel and Tourism contributed 9.6% to the nation’s GDP equating to ₹ 14 trillion (US\$ 209 billion). The contribution of this sector is forecast to double, reaching over ₹ 28 trillion (US\$ 424 billion) and representing 10% of the nation’s GDP by 2027.

Travel and Tourism accounts for one third of India’s foreign exchange earnings, and has the highest employment when compared to other sectors. In 2016, the sector employed approximately 40 million people, contributing 9.3% to total employment in the country. This is expected to rise to 50 million jobs by 2027. The travel and tourism sectors ability to create employment is significant especially given the demographics of India’s population and the need of the India Economy and its people. It plays an important role in integrating society, driving development and employment in rural areas and creating employment for women.

Domestic tourism, driven by India’s expanding middle class and increasing disposable incomes, has emerged as a key driver for the growth of travel and tourism. As per the Ministry of Tourism, Domestic Tourist Visits (DTVs) to the States/Union Territories (UTs) grew by 15.5% annually to 1.65 billion during 2016. Furthermore, Foreign Tourist Arrivals (FTAs) in 2016 grew by 10.7% over the previous year to reach nearly 9 million. The foreign tourist arrivals on e-visas more than doubled to 1 million as the e-visa facility was extended to 161 countries from 113 previously.

OPPORTUNITIES, THREATS, RISKS AND CONCERNS IN HOSPITALITY INDUSTRY

In recent years the investment inflow from the investors has increased in Hospitality sector owing to the growth potential in the industry. Asia market has remained the shining star for attracting the investment due to tourism capacity installed in it. The tourism and hospitality sector is among the top 10 sectors in India to attract the highest Foreign Direct Investment (FDI). During the period April 2000-December 2016, the hotel and tourism sector attracted around US\$ 9.93 billion of FDI, according to the data released by Department of Industrial Policy and Promotion (DIPP). The Indian travel and tourism industry is worth US \$ 116 billion and is estimated to grow at 7.5 per cent annually to US \$ 250 billion by 2025. Around 83 per cent of the spend is in domestic tourism. The total contribution of travel and tourism to Indian GDP is forecasted to increase by 4.97 per cent per annum to US\$ 280.5 billion by 2025 (7.2 per cent of GDP).

Credit rating agency ICRA has expected RevPar for Indian Hotel Industry to grow by eight percent to nine percent in FY2018 aided by stronger domestic demand, strong flows in Foreign Tourist Arrivals ('FTA') and the return of pricing power. Further, India's travel and tourism industry has huge growth potential. The tourism industry is also looking forward to the expansion of E-visa scheme which is expected to double the tourist inflow to India. India is projected to be the fastest growing nation in the wellness tourism sector in the next five years, clocking over 20 per cent gains annually through 2017, according to a study conducted by SRI International. As the tourism develops the opportunities comes at the door step of the hospitality industry to cater the tremendous growth in the tourism. As per the reports from different research firms, government department, agencies etc the growth of hospitality is going to be phenomenal in the coming years and your company is constantly striving to develop the system and the business model which will compliment the tourism sector in the most favorable manner.

Political turbulence in the area reduces tourist traffic and thus the business of the hotels. Lack of training to the man power is also a threat for the hospitality industry. Changing trends in the west demands similar changes in India, which are difficult to implement due to high project costs. The economic conditions of a country have a direct impact on the earnings in hotel industry therefore more stable the economy better the growth of the hospitality industry. High tax structure in the industry makes the industry worse off than its international equivalent. Effective tax in the South East Asian countries works out to only 4-5%. Risk and concerns includes socio- political risk, general economic risk, competition from global hotel chain, finance risk, regulatory and legal risk etc.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

The Annexure referred to in paragraph 2 (vi) under ‘Report on Other Legal and Regulatory Requirements’ in our report of even date to the members of **KAMAT HOTELS (INDIA) LIMITED** for the year ended 31st March, 2017. We report that:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Kamat Hotels (India) Limited (“the Company”) as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

16.2 In terms of the Memorandum of Understanding with a Public Trust owning a plot of land in Mumbai, the Company had paid ₹ 488.62 lakhs as security deposit and incurred expenditure of ₹ 207.93 lakhs for a proposed hospitality project on the said land in earlier years. The owner did not fulfill his obligation to complete the infrastructure for the aforesaid project despite follow up by the Company. In view of inordinate delay in the projects, the expenditure incurred on the said incomplete project has been written off and a provision has been made in the previous year for the deposit paid to the said party. In the meantime, the Company had initiated legal proceedings against the owners by filing Arbitration Application before the Bombay High Court for appointment of Arbitrator. The owners also filed their reply and also made a counter claim for compensation and interest thereon before the arbitrator besides claiming that the claim of the Company was barred by limitation of time. Subsequently, vide letter dated 12th September, 2013, the arbitrator resigned and the matter could not proceed further thereafter the Company has approached the High Court again for directions. Pursuant to the directions given by the High Court vide Order dated 4th February, 2016, sole Arbitrator has been appointed. In view of impending talks of settlement, the Company has filed a joint application alongwith the Trust requesting the arbitrator to terminate arbitration proceedings with liberty to approach the Tribunal as and when required. Adjustments, if any, to the expenditure written off and provision made as above, will be made on disposal / conclusion of the Arbitration Proceedings in the above matter.

37 The Company has borrowed funds in earlier years from banks, financial institutions and NBFCs. Due to financial crisis faced by economic slow down and other factors, a Corporate Debt Restructuring (CDR) package was sanctioned to it but the obligations agreed therein could not be fulfilled by the Company. Due to failure of the CDR mechanism in earlier year, the lenders issued notices Under Section 13(2) of the (The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002) and recalled the entire loan dues. The Company has disputed the same. One of the lenders (original lender) filed suit for recovery of the entire dues wherein another lender intervened, which is presently pending before the Bombay High Court and the Company has disputed the claim. In the meantime, the original lender assigned its loan to an asset management company during the year. In terms of interim orders passed by the High Court, the Company has been depositing proceeds of its credit card collections with the Prothonotary & Senior Master of the High Court which aggregated to ₹ 6,231.41 lakhs (Previous year ₹ 3.050.24 Lakhs) till 31st March, 2017. Final adjustment will be made on disposal of the legal case. Reference is invited to Notes 6.5 and 30 regarding disputed interest and charges aggregating to ₹ Nil (Previous year ₹ 704.25 lakhs), which have not been provided in the accounts.

38 The Company has incurred losses in the previous year as well as in earlier years and its accumulated losses as at 31st March, 2017 are in excess of its paid up Capital and Reserves and Surplus. As explained in Note 37, some of the lenders have recalled their loans. However, the Company has earned profits during the year and considering the future business prospects, the fact that majority of lenders have assigned their loans to asset reconstruction companies and have approved One Time Settlements (OTS) through which, major part of the loans has been re-structured and that the fair values of the assets of the Company are far more than the liabilities, the financial statements have been prepared on a going concern basis.

39 Figures of the previous year have been regrouped /reclassified wherever necessary to conform to the Current year's presentation.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

The Annexure referred to in paragraph 1 (vii) under 'Report on Other Legal and Regulatory Requirements' in our report of even date to the members of **KAMAT HOTELS (INDIA) LIMITED** for the year ended 31st March, 2017. We report that:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Kamat Hotels (India) Limited ("the Holding Company") as of and for the year ended 31st March, 2017, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary companies and jointly controlled entity, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies and jointly controlled entity, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Holding Company, its subsidiary companies and jointly controlled entity, which are companies incorporated in India, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's, its subsidiary company's and jointly controlled entity's, which are companies incorporated in India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by other auditor in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's, its subsidiary companies and jointly controlled entity's, which are companies incorporated in India, internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies and the jointly controlled entity, which are companies incorporated in India, have maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Holding Company, its subsidiary companies and the jointly controlled entity, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Companies Act, 2013 on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiaries and the jointly controlled entity, which are companies incorporated in India, is based on the corresponding reports of the auditors of these companies.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

1 Principles of Consolidation and Significant Accounting Policies:

1.1 Principles of Consolidation:

The Consolidated Financial Statements relate to Kamat Hotels (India) Limited ("the Holding Company"), its Subsidiaries and Jointly Controlled Entity. The Holding Company and its Subsidiaries together constitute "the Group".

(a) The Consolidated Financial Statements have been prepared on the following basis:

The financial statements of the Holding Company and its Subsidiaries have been combined on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and unrealized profits or losses as per Accounting Standard 21 'Consolidated Financial Statements' as notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and as per the provisions of the Companies Act, 2013. Interests in Jointly Controlled Entity have been accounted for by using the proportionate consolidation method as per Accounting Standard 27 'Financial Reporting of Interest in Joint Ventures' as notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and as per the provisions of the Companies Act, 2013. The financial statements of the Subsidiaries and the Jointly Controlled Entity used in the consolidation are drawn upto the same reporting date as that date of the Holding Company, i.e. 31st March, 2017. The excess of cost to the Holding Company of its investment in the Subsidiaries and Jointly Controlled Entity over the Holding Company's portion of equity, as at the date of making the investment, is treated as Goodwill on Consolidation. The excess of Holding Company's portion of equity of Subsidiaries and Jointly Controlled Entity over the cost of acquisition of the respective investments, as at the date of making the investment, is treated as Capital Reserve. Goodwill arising out of consolidation is not amortised. However the same is tested for impairment at each Balance Sheet date.

There is no Minority Interest as all the subsidiaries are wholly owned subsidiaries.

The Holding Company and its Subsidiaries constitute 'the Group'. The accounting policies adopted in the preparation of Consolidated Financial Statements are consistent with those of previous year.

1.3 Significant Accounting Policies:

1.3.1 Fixed Assets, Depreciation and Amortisation:

Fixed assets are carried at cost of acquisition less accumulated depreciation. The cost of acquisition includes inward freight, duties, taxes and other directly attributable incidental expenses, including foreign exchange fluctuation gains / losses on depreciable assets and borrowing cost.

- i) Effective from 1st April, 2014, Depreciation is provided on the items of tangible fixed assets in the accounts on straight -line method based on the useful lives of those assets prescribed in Schedule II to the Companies Act, 2013 after considering the residual value not exceeding 5% of the cost. Buildings taken on lease and leasehold improvements are depreciated over the primary lease period. Cost of intangible assets is amortized in accordance with the provisions of Accounting Standard 26 - " Intangible Assets " .
- ii) Where the historical cost of a depreciable asset undergoes a change due to increase or decrease on account of price adjustments, changes in duties or similar factors, depreciation on the revised amount is provided prospectively over the residual useful life of the asset.

1.3.2 Impairment:

The carrying amounts of the assets of the group and jointly controlled entity including intangible assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated, as the higher of the net selling price and the value in use. Any impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds, its recoverable amount.

1.3.3 Leases:

Lease payments under an operating lease are recognised as an expense in the Statement of Profit and Loss as per the terms of the respective lease agreement.

1.3.4 Investments:

Current investments are carried at lower of cost and quoted / fair value, computed category wise. Non-Current investments are carried at cost less any, diminution in value, other than temporary, determined separately for each individual investment.

1.3.5 Inventories:

Inventories are valued at lower of cost (weighted average basis) and net realisable value.

1.3.6 Revenue Recognition:

The Group and jointly controlled entity derives revenues primarily from hospitality services. Revenue on time and material contracts are recognised as the related services are performed. Revenue from fixed price contracts are recognised using the percentage completion method. Revenue yet to be billed is recognised as unbilled revenue. Amounts received on long term service contracts are represented as advance billing and is recognised proportionately over the period of the contract.

Sales and services are stated exclusive of taxes.

Interest income is recognised using the time proportion method based on the underlying interest rates. Dividends are recorded when the right to receive payment is established.

1.3.7 Export Benefits Entitlement:

Benefits arising out of Duty Free Scrips utilized for the acquisition of fixed assets are being adjusted against the cost of the related fixed assets.

1.3.8 Foreign Exchange Transactions:

Transactions in foreign currencies are recorded at the exchange rates prevailing at the date of the transactions. Exchange differences arising on foreign currency transactions other than long term foreign currency items of assets and liabilities having a term of twelve months or more, and settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currency at the Balance Sheet date other than long term foreign currency items of assets and liabilities having a term of twelve months or more as discussed herein below, are translated at the year end exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss. Exchange differences relating to long term foreign currency items of assets and liabilities having a term of twelve months or more as covered in the Companies (Accounting Standards) Amendment Rules 2009 on Accounting Standard 11 The Effects of change in Foreign Exchange Rates (AS-11) notified by Government of India on 31st March 2009 in so far as they relate to the acquisition of a depreciable capital asset, are added to or deducted from the cost of the assets and depreciated over the balance useful life of the asset, and in other cases are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" and amortized over the balance period of such long term monetary item in accordance with the aforesaid Notification.

1.3.9 Borrowing Costs:

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. However, capitalization of such costs is suspended during extended periods in which active development of qualifying asset is interrupted. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are recognised in the Statement of Profit and Loss. Interest income earned from temporary deposits out of borrowed money pending deployment of funds to the full extent or until qualifying assets is ready, is reduced from borrowing costs capitalized.

1.3.10 Provisions, Contingent Liabilities and Contingent Assets:

The Group and jointly controlled entity creates a provision where there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent Assets are neither recognized nor disclosed in the financial statements.

1.3.11 Employee Benefits:

Contribution to Provident Fund, which is a defined contribution scheme, is recognised as an expense in the Statement of Profit and Loss in the year in which the contribution is made.

Provision for compensated absences is determined on the basis of actuarial valuation carried out by an independent actuary at the Balance Sheet date.

The Holding Company contributes to a Group Gratuity Scheme administered by the Life Insurance Corporation of India. The Contributions are charged to the Statement of Profit and Loss. Provision is made for the difference between the actuarial valuation (determined as at the Balance Sheet date) and the funded balance on the basis of projected unit credit method carried out annually by an independent actuary. Actuarial gains and losses are immediately recognized in the Statement of Profit and Loss.

1.3.12 Taxation:

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred taxes reflect the impact of current period timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty supported by convincing evidence, that such deferred tax assets can be realized against future taxable profits. Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realised.

1.3.13 Prior Period Adjustments, Exceptional and Extraordinary Items and Changes in Accounting Policies:

Prior period adjustments, exceptional and extraordinary items and changes in accounting policies having material impact on the financial affairs of the Group and jointly controlled entity are disclosed.

1.3.14 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year. The weighted average number of equity shares outstanding during the year are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares). For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

- 33.1** The Holding Company has given a portion of its hotel buildings at the Orchid, Mumbai and VITS, Mumbai to party to conduct, operate and manage the banquet halls and restaurant under lease agreements in the previous year. The Company is entitled to a fixed fee of seven percent of the annual turnover of the banquet halls and restaurant. The Company has received the fee of ₹ 120.74 lakhs (Previous Year ₹ 96.79 lakhs) for the year which is included in Note 22.
- 34** The Holding Company has borrowed funds in earlier years from banks, financial institutions and NBFCs. Due to financial crisis faced by economic slow down and other factors, a Corporate Debt Restructuring (CDR) package was sanctioned to it but the obligations agreed therein could not be fulfilled by the Company. Due to failure of the CDR mechanism in earlier year, the lenders issued notices Under Section 13(2) of the (The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002) and recalled the entire loan dues. The Company has disputed the same. One of the lenders (original lender) filed suit for recovery of the entire dues wherein another lender intervened, which is presently pending before the Bombay High Court and the Company has disputed the claim. In the meantime, the original lender assigned its loan to an asset management company during the year. In terms of interim orders passed by the High Court, the Company has been depositing proceeds of its credit card collections with the Prothonotary & Senior Master of the High Court which aggregated to ₹ 6,231.41 lakhs (Previous year ₹ 3,050.24 Lakhs) till 31st March, 2017. Final adjustment will be made on disposal of the legal case. Reference is invited to Notes 4.5 regarding disputed interest and charges aggregating to ₹ Nil (Previous year ₹ 704.25 lakhs), which have not been provided in the accounts.
- 35** The Holding Company has incurred losses in the previous year as well as in earlier years and its accumulated losses as at 31st March, 2017 are in excess of its paid up Capital and Reserves and Surplus. Some of the lenders have recalled their loans. However, the Company has earned profits during the year and considering the future business prospects, the fact that majority of lenders have assigned their loans to asset reconstruction companies and have approved One Time Settlements (OTS) through which, major part of the loans has been re-structured and that the fair values of the assets of the Company are far more than the liabilities, the financial statements have been prepared on a going concern basis.
